

Carpet Cleaner X-Tractor Type

This Carpet Cleaner is specifically designed for use in extraction equipment. It is also most effective when used in conjunction with a pre-spray. The pre-spray loosens the heavy soil and the X-Tractor emulsifies it. The soil is then easily flushed to the surface of the carpet pile and vacuumed into the extractor recovery tank.

AeroSafe Carpet Cleaner is a solvent/detergent blend that works to remove the most stubborn of carpet soils. As a plus to the cleaning power provided by this product, optical brighteners have been incorporated to give either natural or synthetic fibers deeper color tone and better contrast. This product can be used in all carpet extraction equipment and on any carpet type, including stain resistant. It should be used at the recommended dilution and temperature as directed on the product label. Carpet Cleaner X-Tractor Type carries Approval AMS 1630 B.

Benefits

- Contains Optical Brighteners
- Water Based
- Highly concentrated
- Pleasant fragrance
- Residue free
- Works with all carpet types

Applications

- Aircraft Carpeting
- Jet Ways
- Airport Terminals

Technical Data

Dilution 1 oz./gallon
 DOT..... Not Regulated
 Odor..... Floral
 pH 9.0 – 9.5
 Physical Appearance..... Yellow Liquid
 Pounds/Gallon 8.5

NFPA/HMIS CODES

HEALTH-1, FLAMMABILITY-0, REACTIVITY-0
