TECHNICAL DATA

RID

Galley & Lavatory Surface Cleaner & Deodorizer

Rid uses a sophisticated and extremely effective cleaning and removal action to entrap and encapsulate odor and contamination of surfaces. It uses a dynamic surface activity to counteract the cause of odors. In addition, Nuvite Rid uses a unique deodorizing element to neutralize and add a mild, pleasant aroma to hard surfaces.

Rid is specifically formulated for cleaning metals, plastics and other hard surfaces found in aircraft, bus, train and marine lavatories, and galleys as well as in homes.

- Counteracts common malodor-causing surface materials
- Effective and unique deodorizing action on all hard surfaces
- Safe and pleasant for users and the environment
- Completely biodegradable
- Hard water stable
- Supplied in convenient concentrate for dilution with tap water to fit needs
- Conforms to Airframe OEM standards and specifications

PHYSICAL CHARACTERISTICS

- **Appearance:** Clear blue liquid
- **Odor:** Mild
- **pH:** 8.5 – 8.9 @ 25°C
- **Solubility:** Infinite in water
- **Specific Gravity:** 1.01 @ 25°C
- **Flash Point:** None

INSTRUCTIONS FOR USE

Lavatory Cleaning: Use Rid diluted 1:10-15 parts water. Wipe areas to be cleaned, or use trigger spray to spray areas and wipe dry with terry towel. Be sure to wet all areas thoroughly with diluted Rid liquid for best surface cleaning. Grained plastic surfaces may be more effectively cleaned with the use of a soft brush, then wipe dry with terry towel. Do not allow Rid to overspray onto fabrics.

Galley Area Cleaning: Use Rid diluted 1:10 parts water. Use trigger spray to thoroughly wet all areas to be cleaned. Wipe dry with terry towel. For maximum action, allow two to three minutes contact time. For floors: use mop head with diluted Rid liquid. Move equipment and mop beneath for best results. Allow two to three minutes contact time, and then dry with clean dry mop head. Do not allow Rid to contact fabrics or carpeting as staining may occur.

When using Nuvite products, please use recommended procedures and equipment. For further product information, and technical support, consult a Nuvite Representative at 800.394.8351

HEALTH AND SAFETY

Users should use standard safety precautions, such as wearing gloves and eye protection along with any other standard safety procedures. Refer to Safety Data Sheet for further health and safety information.
